PROFESSIONAL EXPERIENCE

SquadCoders

Kashmir, India

Forward Deployed Lead & Co-Founder

2023 — Present

- Directed end-to-end technical delivery for 6+ enterprise client platforms (SoulMedia, Hotel Akbar, TravelKit), engineering custom CMS workflows, edge routing, and automated asset optimization.
- Transformed client sales funnels by developing high-speed, SEO-optimized static interfaces, generating an average 20% increase in online sales and 15% conversion lift.
- Spearheaded technical discovery, architecture design, and client deployment cycles, establishing sub-50ms global TTFB baselines with zero post-launch regressions.

Taffin.Tech

Remote, Srinagar

Solutions Developer

Apr 2024 — Present

- Engineered AI-integrated candidate matching workflows for a French startup job board, boosting user engagement by 25% and implementing EU GDPR privacy compliance.
- Delivered dynamic search filtering and SEO optimization pipelines, driving a 30% increase in organic candidate conversions.

Enterprise Web Systems (@ecspl)

Remote

Solutions & Integration Engineer

2021 — 2024

- Built and deployed high-throughput Hono proxy microservices on Cloudflare Workers for Experian OTP authentication and Meta CAPI server-side event streaming.
- Resolved mission-critical checkout failures and client-side race conditions by analyzing production Sentry telemetry, elevating payment success rates by 14%.
- Authored automated Playwright regression suites across production environments, accelerating client release velocity by 35%.

Elance Technologies

Srinagar, Kashmir

Industrial Trainee

Jan 2023 — Jun 2023

- Collaborated on client integration prototypes and accessible UI modules, expanding mobile user reach by 40%.

TECHNICAL PROJECTS

BreedersHub / *React, Tailwind CSS, PWA, TWA, Webpack* (breedershub.in)

2023

- Engineered multi-channel e-commerce platform for retail client, implementing mobile-first catalog browsing for 1,000+ items and sub-3s page loads.
- Shipped PWA and Trusted Web App (TWA) packages to Google Play, reducing client customer drop-off by 25%.

XpressSys Logistics / *Cloudflare Pages, Node.js, JavaScript, Cloudflare WAF* (xpresssys.com)

2023

- Delivered end-to-end parcel dispatch and real-time tracking interface for logistics provider, integrating Cloudflare edge security to eliminate spam attacks.
- Implemented automated pin-code verification and driver routing dashboards to accelerate package fulfillment.

Listify Business Discovery / *PHP, MariaDB, JavaScript, Leaflet.js* (listify.sahillangoo.com)

2023

- Built business directory platform enabling localized merchant discovery with sub-15ms search response times.
