PROFESSIONAL EXPERIENCE

SquadCoders <i>Lead Frontend Engineer & Co-Founder</i> • Architected static-first web platforms for 6+ client systems using Astro 7, TypeScript, and Tailwind CSS v4, delivering sub-50ms global TTFB and strict 0.00 Cumulative Layout Shift (CLS). • Engineered component design systems with daisyUI 5 and OKLCH color palettes, cutting client bundle payloads by 65% and attaining 100/100 Lighthouse benchmarks across mobile viewports. • Constructed automated pre-flight quality enforcement hooks in Node.js to validate link integrity, metadata parity, and image layout bounds prior to static artifact generation.	Kashmir, India 2023 — Present
Enterprise Web Systems (@ecspl) <i>Frontend Integration Engineer</i> • Developed high-concurrency client interfaces and checkout flows integrated with Hono proxy gateways, handling 15K daily transactions with sub-800ms Largest Contentful Paint (LCP). • Instrumented real-time Sentry frontend telemetry and exception monitoring, triaging UI race conditions and reducing customer-facing checkout errors by 14%. • Authored comprehensive Playwright end-to-end regression suites integrated into CI pipelines, eliminating cross-browser layout discrepancies across Chromium, Firefox, and WebKit.	Remote 2021 — 2024
Elance Technologies <i>Web Development Trainee</i> • Implemented WCAG 2.1 AA accessibility standards and responsive grid refactors across legacy web portals, increasing mobile user engagement by 40%.	Kashmir, India Jan 2023 — Jun 2023

TECHNICAL PROJECTS

Listify <i>JavaScript, CSS3, HTML5, MariaDB, Leaflet.js</i> (listify.sahillangoo.com) • Built interactive geospatial discovery UI using Leaflet.js, vanilla JavaScript, and modern CSS, rendering 500+ localized map pins with zero main-thread jank. • Engineered client-side search indexing and asynchronous filtering, achieving instant query latency under 15ms.	2023
BreedersHub <i>React, Tailwind CSS, PWA, TWA, Webpack</i> (breedershub.in) • Designed mobile-first e-commerce frontend supporting 1,000+ SKU catalog with sub-3s 3G network loads using asset compression and lazy hydration. • Packaged and deployed application as a Progressive Web App (PWA) and Trusted Web Activity (TWA) across Android Play Store.	2023
